### 1. What is the Vitality Active programme?

- Join the HealthyWeight programme and earn 1,000 Vitality points, and get a personal dietitian, flexible menus and daily support.

- Get an upfront 20% discount on padel bookings within the Discovery Vitality Padel network through the Playtomic app.

## 2. Who can use Vitality Active?

Vitality Active is available to adult members from medical schemes administered by Discovery Health (Pty) Ltd, as well as members from Discovery Flexicare.

If you're a Discovery Life client, to qualify for Vitality Active, you need to have a Discovery Life product with a monthly premium of R100 or more. Vitality Active is also available to Discovery Group Risk members.

If you are a Discovery Bank client, and the primary accountholder on a qualifying Discovery Bank product, you can activate your Vitality Active policy directly in the Discovery Bank app. This is a single-member plan, meaning it is linked only to you as the primary accountholder and cannot be extended to other members.

If you are a Vitality Active member on a Discovery Health plan, Discovery Life or Group Risk policy, or through a qualifying Discovery Bank account, you can't be a Vitality Premium member at the same time.

## 3. What you pay

The main member on the Vitality Active plan with Discovery Health, Life or Group Risk will pay a premium of R159 per month.

Each adult added to the plan will pay a premium of R159 per month. Children under the age of 18 do not qualify for Vitality Active, even if they are included on the main member's initiating plan.

The Vitality Active through Discovery Bank plan is available as a single-member plan. The main member on this plan will pay a premium of R159 per month.

There will be yearly price increases on the Vitality premiums. We'll let you know about these in advance.

## 4. Premium Collection

### 4.1 Vitality Active through Discovery Bank

If you have activated your Vitality Active plan through Discovery Bank, we will collect your Vitality monthly premium from your primary fee-paying Discovery Bank account. We will do this on your chosen fee date. We collect your premium in advance for the month ahead.

If there are not enough funds in your account on your chosen fee date, we will try to collect the outstanding amount every day until your next fee date in the first month that we could not collect the premium.

If your premium is not paid for more than two months, we will only try to collect your premium on your chosen fee date. We will no longer try to collect the fee every day. We will only try to collect one month's premium at a time and we will not collect any outstanding amounts that you owe us.

If we cannot collect your monthly premium on your chosen fee date, your Vitality Active benefits may be suspended until we successfully receive payment.

#### 4.2 Vitality Active through Discovery Health, Life, Group Risk or Flexicare

If you have activated your Vitality Active plan through Discovery Health, Life, Group Risk or Flexicare, we will collect your Vitality monthly premium in line with the collection method of your initiating policy. Rules for missed payment collection will be the same as on your initiating policy.

### 5. Cancellations

If you cancel your qualifying underlying policy or bank account (in other words, Discovery Health, Life, Group Risk, Flexicare or Bank), your Vitality Active plan will end immediately. All the linked benefits will be withdrawn in line with the benefit rules.

If we don't receive your monthly premium, we have the right to end your Vitality Active membership if your monthly premiums remain unpaid.

#### 5.1 Cancellation rules for Vitality Active through Discovery Health, Life, Group Risk or Flexicare

If you wish to cancel your Vitality Active membership as the main member, you must tell Vitality that you intend to cancel at least one full calendar month in advance. Your notice period will start on the first day of the month following your cancellation request. We will process refunds depending on your starting cancellation date.

You'll find more details in the [Vitality Main Rules](#).

#### 5.2 Cancellation rules for Vitality Active through Discovery Bank

If you have activated your Vitality Active plan through Discovery Bank, we will process your cancellation request based on whether your monthly premium has already been collected in the month you asked for the cancellation.

If we receive your cancellation request after we have collected your monthly premium, your Vitality Active membership will remain active for that month and will be cancelled at the end of the following month.

If we receive your cancellation request before we have collected your monthly premium, your Vitality Active membership will be cancelled at the end of the current month.

This means that once you cancel, you won't be billed again, and you will experience your full benefits up until the end of the calendar month for which you have already paid.

You'll find more details in the [Vitality Main Rules](#).

If you do a Vitality Health Check, you get boosted funeral cover of R30,000 for the year in which you complete your Vitality Health Check and the year after that. When you activated the Vitality Active programme, you were covered for R15,000.

Your funeral cover policy will have a unique policy number. Please make sure your details and your beneficiary details are up to date in case there is a claim. Update your details by completing the [beneficiary nomination form](#) and emailing it to [Funeral\\_Beneficiary\\_Forms@discovery.co.za](mailto:Funeral_Beneficiary_Forms@discovery.co.za).

We will only award you with points for one fitness activity a day. If you complete two fitness activities in one day, then we will award you with the higher points between the two. Our [fitness points table](#) gives you more information about earning fitness points.
