

## Discovery Health formularies, benchmark pricing, and preferred products

Period: 2026 Q1 & Q2

Expected implementation date: 1 January 2026

### What is PBR?

PBR is a voluntary programme that gives pharmacists additional dispensing fees for following the Discovery Health Medical Scheme (DHMS) formulary when dispensing formulary items. The model applies to independent pharmacies only. More information is available in the handbook. Please follow the link: [Pharmacy network handbook](#).

### How does it work?

- PBR applies only to chronic medicine claims paid from the Chronic Illness Benefit (CIB) for DHMS members.
- Encourages use of lower-cost formulary generics paid only from Chronic Illness Benefit to make prescriptions more affordable
- If a higher-priced generic or non-formulary item (same molecule or different molecules) is used, the standard dispensing fee is reduced
- This creates a fair funding system and helps keep medicine costs down
- Volume: Pharmacies need to meet a 70% compliance rate to qualify for PBR and for Value: 65%. This allows flexibility when prescribers or members prefer non-formulary items.

### PBR Exclusions

The following do not qualify for additional PBR fees (these are paid at standard network rates):

- KeyCare and Delta plans
- Non-SEP items (unregistered medicine, Schedule 0, surgical items)
- HIV, oncology, acute medicines, and SMTB
- Non-formulary products
- Pharmacies without a signed DSP contract
- Courier pharmacies

### What you see flagged on dispensing screens

This list includes:

- **Formulary items** for CIB, HIV, and oncology (see formulary flag for benefit type)
- **Benchmark prices** - these are generic equivalents of formulary items, priced at or below the benchmark price
- **PBR items (PBR flag)** - only these qualify for variable PBR fees when flagged PBR
- **HIV-Preferred (Formulary flag)** - Non-formulary drug class unimpacted by compliance; non-DSP co-payment may apply

### Out-of-Stock Products

If a product is out of stock:

- Substitute with an alternative formulary item (temporary formulary items do not need re-authorisation) as communicated per email by Discovery Health
- If authorisation is needed, submit the form to CIBAPPFORMS@discovery.co.za or call 0860 44 55 66 for emergencies.
- Application forms are available via the same email or phone number
