Key Terms

This section explains some of the terms that you will find in this document.

A

Above Threshold Benefit (ATB)

Once the day-to-day claims that you have sent to us add up to the Annual Threshold, we pay the rest of your day-to-day claims from the Above Threshold Benefit, at the Discovery Health Rate or a portion of it. The Priority plans have a limited ATB.

Annual Threshold

The Annual Threshold is the amount that your claims must add up to before we pay your day-to-day claims from the limited Above Threshold Benefit.

We set the Annual Threshold amount at the beginning of each year. The number and type of dependants (spouse, adult or child) on your plan will determine the amount.

C

Chronic Disease List (CDL)

This is a defined list of chronic conditions that we cover according to the Prescribed Minimum Benefits.

Chronic Drug Amount (CDA)

The Chronic Drug Amount is the monthly amount that we pay up to for a medicine class. This amount is subject to a member's plan type. It applies to chronic medicine that is not listed on the medicine list (formulary).

Chronic Illness Benefit (CIB)

The Chronic Illness Benefit covers medicine and treatment for a defined list of chronic conditions. You need to apply for the cover first.

Comprehensive cover

This cover exceeds the essential healthcare services and Prescribed Minimum Benefits that are prescribed by the Medical Schemes Act 131 of 1998. Comprehensive cover offers you extra cover and benefits to complement your basic cover. It gives you the flexibility to choose your healthcare options and service providers. Whether you choose full cover or options outside of full cover, we give you the freedom to decide what suits your needs. Our cover is in line with defined clinical best practices. This ensures that you receive treatment that is expected for your condition and that is clinically appropriate.

We may review these principles from time to time to stay current with changes in the healthcare landscape. While comprehensive, your cover remains subject to the Scheme's treatment guidelines, protocols and designated service providers. We still prioritise managed care to make sure you get the best outcomes for your health.

Co-payment

This is an amount that you have to pay towards a healthcare service. The amount can vary, depending on the type of healthcare service, the place of service and whether the amount that the service provider charges is higher than the rate that we cover. If the co-payment amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.

Cover

Refers to the benefits that you can access on your health plan and how we pay for these healthcare services. The services may include consultations, medicine and hospital visits.

D

Day-to-day benefits

The day-to-day benefits are the available money allocated to your Personal Health Fund, Medical Savings Account and cover from the limited Above Threshold Benefit.

Day-to-day Extender Benefit (DEB)

Designated service provider (DSP)

This refers to a healthcare professional or provider (for example, a doctor, specialist, allied healthcare professional, pharmacy or hospital) who/that has agreed to provide Discovery Health Medical Scheme members with treatment or services at a contracted rate. To view the full list of designated service providers, visit **www.discovery.co.za** or click on 'Find a healthcare provider' on the Discovery Health app.

Discovery Health Rate (DHR)

This is the rate that we pay for healthcare services from hospitals, pharmacies, healthcare professionals and other providers of relevant healthcare services.

Discovery Health Rate for medicine

This is the rate that we pay for medicine. It is the Single Exit Price of medicine plus the relevant dispensing fee.

E

Emergency medical condition

An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and, at the time, unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to give this medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy.

An emergency does not necessarily need you to be admitted to a hospital and you may be treated in casualty only. We may ask you for more information to confirm the emergency.

F

'Find a healthcare provider' is a medical provider search tool that is available on the Discovery Health app and website.

Discovery HomeCare is a service provider, Practice 080 000 8000190, Grove Nursing Services (Pty) Ltd, registration number 2015/191080/07, trading as Discovery HomeCare. M

Medical Savings Account (MSA)

You have access to a Medical Savings Account (MSA) at the beginning of each year or when you join the Scheme. You pay this amount back in equal portions as part of your monthly contribution.

We pay your day-to-day medical expenses from the money allocated in your MSA. These day-to-day expenses are for general practitioner (GP) and specialist consultations, acute medicine, and radiology and pathology services, among others.

You can choose to have your claims paid from the MSA, either at the Discovery Health Rate or at cost. If you have unused money in the account, this will carry over to the next year. If you leave the Scheme or change your plan during the year and have used more of the MSA money than what you have contributed, you will need to pay the difference to us.

Medicine list (formulary)

This is a list of medicine that we cover in full. You can use the medicine to treat approved chronic conditions. This list is also known as a formulary.

N

We have payment arrangements with these providers to make sure you can access quality care that is affordable. When you use a network provider, you avoid having to pay extra costs and co-payments.

We also cover a mammogram or ultrasound of the breast every two years. We pay for a pap smear once every three years or an HPV test (including self-sampling kits) once every five years as well as a mental wellbeing assessment and a prostate-specific antigen (PSA) test annually. Every two years, for members between 45 and 75 years, we pay for a bowel cancer screening test (including self-sampling kits).

Screening for seniors

In addition to screening for adults, members who are 65 years and older have cover for an age-appropriate falls-risk screening assessment. This assessment must be carried out at a pharmacy in our defined pharmacy network. We may cover you for an extra falls-risk assessment when you are referred to a Premier Plus GP. This depends on your screening test results and if you meet the Scheme's clinical entry criteria.

Additional tests

Clinical entry criteria apply to these tests:

- Defined diabetes and cholesterol screening tests
- Breast MRI or mammogram and once-off BRCA testing for breast screening
- Colonoscopy for bowel cancer screening
- Pap smear or HPV test for cervical screening

Vaccines

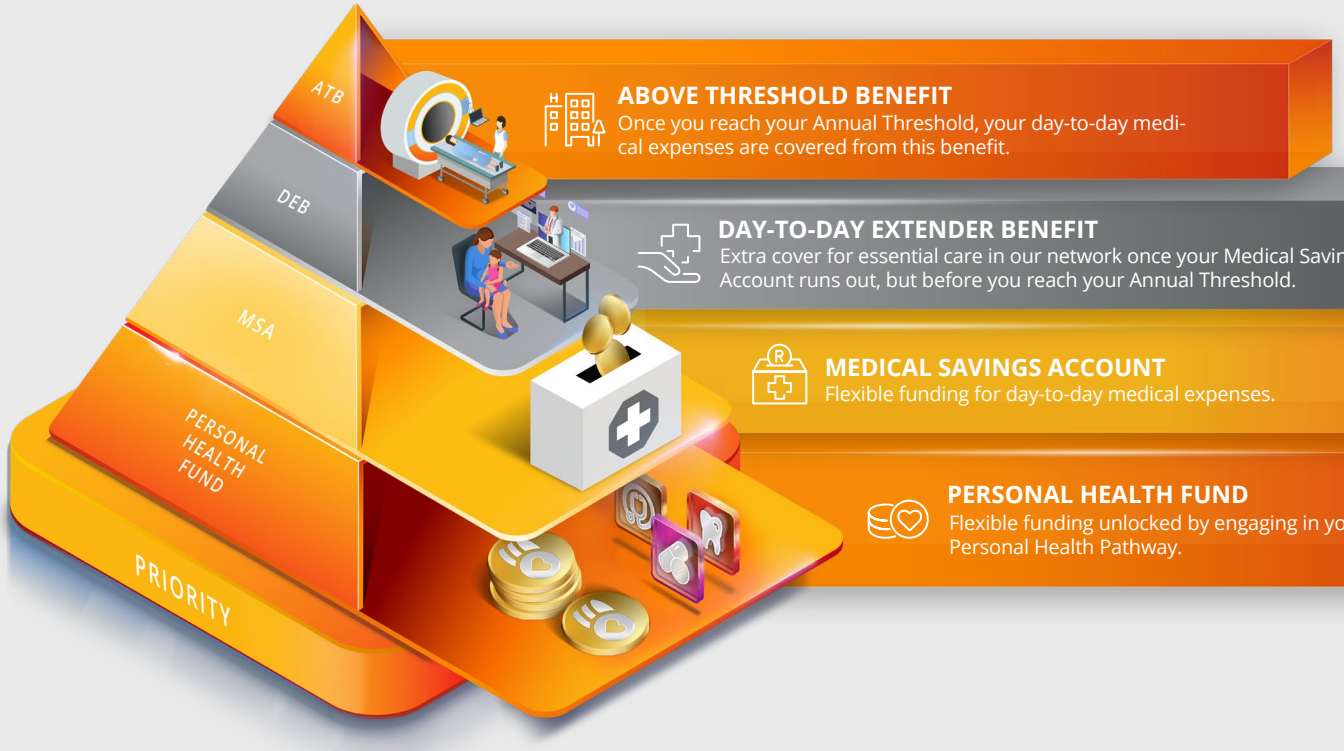

Clinical entry criteria apply to these vaccines:

- A seasonal flu vaccine for healthcare professionals and members who are pregnant, 65 years or older, or registered for certain chronic conditions.
- The pneumococcal vaccine for members 65 years or older or those who are registered or certain chronic conditions. You need a prescription from your doctor to get this vaccine.

Experience more for your day-to-day healthcare needs

When it comes to your day-to-day healthcare, every rand counts. You get more with Discovery Health Medical Scheme. We're here to help you get healthier while you stretch your benefits, keep your healthcare spending in check and celebrate every saving.

ABOVE THRESHOLD BENEFIT
Once you reach your Annual Threshold, your day-to-day medical expenses are covered from this benefit.

If you reach your Annual Threshold, your claims are paid from your limited **Above Threshold Benefit**, so your healthcare cover from the Scheme continues when you need it most.

DAY-TO-DAY EXTENDER BENEFIT
Extra cover for essential care in our network once your Medical Savings Account runs out, but before you reach your Annual Threshold.

The **Day-to-day Extender Benefit** is there when you need a little more. Once you've used your MSA but haven't yet reached your Annual Threshold, this benefit gives you extra cover for essential healthcare services in our network.

MEDICAL SAVINGS ACCOUNT
Flexible funding for day-to-day medical expenses.

Your Medical Savings Account (MSA) is your **readily available** funds set aside to pay for everyday healthcare needs like GP visits, specialist consultations, medicine and tests.

PERSONAL HEALTH FUND
Flexible funding unlocked by engaging in your Personal Health Pathway.

Personal Health Fund brings a new dimension to your cover. This benefit helps you **earn up to R20,000** in day-to-day cover as you complete personalised actions and challenges on **Personal Health Pathways**.

Personal Health Pathways is brought to you by Discovery Health (Pty) Ltd; registration number 1997/013480/07, an authorised financial services provider, administrator and managed care provider of medical schemes. Personal Health Pathways is enabled by the combination of Discovery Health's healthcare capabilities and Vitality's incentivised behaviour change expertise.

Day-to-day benefits

We cover your day-to-day healthcare expenses from your Personal Health Fund, Medical Savings Account (MSA), Day-to-day Extender Benefit (DEB) and/or limited Above Threshold Benefit (ATB).

Medical Savings Account

We pay your day-to-day medical expenses, such as those for GP and specialist consultations, medicine (excluding registered chronic medicine), radiology and pathology, from the available money in your MSA. If you have money left over, this will carry over to the next year.

You have the option for us to pay your claims from the MSA at either the DHR or at cost.

If you have chosen to have your claims paid from the MSA at cost, we will automatically pay your claims that are more than the DHR. If you have chosen to have your claims paid from your MSA at the DHR, and you wish to have claims that are more than the DHR or benefit limits paid from the available money in your MSA, you can request a special payment from your MSA.

Claims that are paid from the MSA and which are more than the DHR do not add up to the Annual Threshold.

Self-payment Gap

If the money in your MSA runs out before you reach your Annual Threshold, you will have to pay for claims from your own pocket until your claims reach the Annual Threshold amount. This period is known as the Self-payment Gap. It is important that you continue sending in your claims during the Self-payment Gap so that we know when you reach your Annual Threshold for claims.

Claims will reduce your Self-payment Gap and accumulate towards your Annual Threshold at 100% of the DHR, or a portion of this, as shown in the first table on the next page. Certain claims will not accumulate.

Day-to-day Extender Benefit

This benefit pays for certain day-to-day benefits after you have run out of money in your MSA and before you reach the Annual Threshold. It covers video call consultations with a network GP and pharmacy clinic consultations in our defined Wellness Network. We also cover you for face-to-face consultations with a network GP when you are referred after a video call consultation or by the pharmacy clinic virtual GP. We cover face-to-face consultations up to the DHR limit. On the Classic plan, kids younger than 10 years have cover for two kids' casualty visits a year at a network provider.

Above Threshold Benefit

We start paying day-to-day expenses from your Above Threshold Benefit once you have reached your Annual Threshold.

Some claims do not add up to your Annual Threshold and are not paid from your Above Threshold Benefit, for example:

- Medicine that you do not need a prescription for (over-the-counter medicine)
- Childhood vaccines and immunisations
- Lifestyle-enhancing products, including GLP-1 medicine
- Claims that are more than the DHR
- Claims paid in excess of the yearly benefit limits.

What we pay for

The Above Threshold Benefit is limited and covers all day-to-day expenses at the DHR or at a portion of the DHR. Certain benefit limits may apply. You will need to pay for any difference between the DHR and the amount claimed. You will also have to pay any amount that exceeds the yearly benefit limit (where applicable) or the Above Threshold Benefit limit.

For more detail on how you are covered, visit 'Do we cover' on our website, **www.discovery.co.za**.

Personal Health Fund

This benefit provides you with additional day-to-day medical funding. You can start the year with an advance on your Personal Health Fund allocation of up to R1,000 per adult by completing a Health Check, activating Personal Health Pathways, and enabling fitness and sleep tracking in the previous benefit year. You can earn up to R2,500 on the Classic plan and up to R1,500 on the Essential plan towards your fund, per adult per year by completing recommended actions. On top of this, the Challenge Boost allows you to earn up to an additional R2,500 on the Classic plan and up to R1,500 on the Essential plan per adult by completing two health-related challenges in the year.

Day-to-day benefits

We cover your day-to-day healthcare expenses from your Personal Health Fund, Medical Savings Account (MSA), Day-to-day Extender Benefit (DEB) or limited Above Threshold Benefit (ATB).

Some day-to-day healthcare services have limits. These are not separate benefits. Limits apply to claims that are paid from your MSA and ATB. We pay day-to-day benefits up to the ATB limit or up to the benefit limit that applies – whichever you reach first.

We add these amounts to the Annual Threshold and pay them from your ATB, once you reach your ATB. We add up the amount paid from your MSA and ATB to the benefit limit available. If the claimed amount is less than the Discovery Health Rate (DHR), we will pay and add the claimed amount to the Annual Threshold. Claims paid from your Personal Health Fund and Day-to-day Extender Benefit will not accumulate to the Annual Threshold.

The tables below show you how much we pay for your day-to-day expenses on the Priority plans.

When you claim, we add up the following amounts to get to the Annual Threshold.

What we cover

Prescribed Minimum Benefit conditions

You have access to treatment for a list of medical conditions under the Prescribed Minimum Benefits. The Prescribed Minimum Benefits cover the 27 chronic conditions on the CDL.

Our plans offer benefits that are richer than PMBs. To access PMBs, certain rules apply.

Medicine cover for the Chronic Disease List

We cover you in full for approved chronic medicine on our medicine list (formulary). For medicine that is not on our list, we cover you up to the Generic Reference Price, where a generic alternative exists, up to a set monthly rand amount. This amount is called the Chronic Drug Amount (CDA).

How we pay for consultations and medicine

You must nominate a GP in the Discovery Health Network to be your Primary Care GP and manage your chronic conditions. You can change your nominated Primary Care GP up to three times a year. To find a doctor and learn more about the nomination process, use **www.discovery.co.za,** or the Discovery Health app.

To be covered in full for your GP consultations, you must visit your nominated Primary Care network GP. If you see a GP who is not your nominated Primary Care GP or your nominated GP is not a network GP, you will have to pay a co-payment. For more information on our Care programmes and enrolment by your Premier Plus Network GP, please refer to the last page in Section 9.

We pay up to a maximum of the Discovery Health Rate (DHR) for medicine that you buy from one of our network pharmacies. The DHR for medicine is the price of the medicine and the fee for dispensing it.

How to activate the benefit

You must apply for the CIB. Your Primary Care GP must complete the form online or send it to us for approval.

Cover for procedures in the **Day Surgery Network**

We cover specific procedures that can be carried out in the Day Surgery Network.

About the benefit

We cover certain planned procedures in a day surgery facility. A day surgery may be inside a hospital, in a day clinic or at a standalone facility.

How to access the benefit

View the list of day surgery procedures on the next page. You must contact us to get confirmation of your procedure. This confirmation is called preauthorisation.

> View all Day Surgery Network facilities using 'Find a healthcare provider' on the Discovery Health app.

How we pay

We cover these services from your Hospital Benefit. Specifically, we pay for the medicine and services related to your hospital stay, including the services by all your healthcare professionals, provided that the medicine and services are authorised by the Scheme.

If you use doctors, specialists and other healthcare professionals who we have a payment arrangement with, we will cover their services in full. We pay up to 200% of the Discovery Health Rate (DHR) on Classic and up to 100% of the DHR on Essential for other healthcare professionals.

When you need to pay

If you go to a facility that is not in the Day Surgery Network, you will have to pay an upfront amount of R7,550. If any of these procedures form part of the list of procedures with an upfront payment performed during a hospital admission, as outlined in section 11, the higher of the upfront payments will apply.

The Discovery Health app and 'Find a healthcare provider' are brought to you by Discovery Health (Pty) Ltd; registration number 1997/013480/07, an authorised financial services provider and administrator of medical schemes.
